

Customer Contribution Fund Annual Statewide Report Iowa Utilities Commission

For Fiscal Year July 1, 2023 – June 30, 2024

Iowa Code § 476.66 requires all electric and natural gas utilities to establish a fund that supplements the low-income home energy assistance program (LIHEAP) and to assist with weatherization. Customers and other entities may contribute to the fund. Each utility must establish a board or committee to determine the appropriate distribution of the funds. The funds are distributed directly by the utility or through the local community action agency.

Each utility must file with the Iowa Utilities Commission (Commission) an annual report of its fund's activity. The Commission must compile the utility reports into the Annual Statewide Report (below) for submission to the General Assembly.

Notes: The Annual Statewide Report represents the total values reported by 228 utilities that provide electric and/or natural gas service. This includes six investor-owned utilities, 180 municipal utilities, and 42 cooperative utilities.

The Commission compiles the annual report of fund results as submitted by the utilities, but does not verify the accuracy of information provided by the utilities.

Figures are rounded to the nearest dollar. Funds not distributed during a fiscal year are carried forward to the next fiscal year. Each utility is allowed to keep 5 percent of annual contributions to defray program expense.
