Re: MidAmerican Energy Company  
Docket No. RPU-2026-0001  
Proposed Rate Increase

Dear Iowa Utilities Commission

Enclosed for filing, please find MidAmerican Energy Company's ("MidAmerican" or "Company") Application for Rate Relief ("Application") along with supporting testimony and documentation pursuant to Chapter 476 of the Iowa Code (2025) and Iowa Administrative Code ("IAC") sections 199 -- 26.3 and 26.4(1) through (3) and (5). Contemporaneous with this filing, MidAmerican is also filing revised interim and final rate schedules, and a request to waive 199 IAC 26.4(5)(g) pursuant to 199 IAC 1.3. MidAmerican is using future test year 2027 as the foundation for its request.

MidAmerican's rate request is intended to recover reasonable and prudent investments made and planned to be in service by the future test year so that MidAmerican can continue to provide safe and reliable natural gas service to its customers across Iowa.

MidAmerican is requesting a final increase in natural gas service base rates of \$54.9 million annually, or 9.7% of test year tariffed revenue. MidAmerican's customers have been notified of the increase in the manner prescribed by law and in the form approved by the Commission. Copies of the notices were previously filed; confirmation of mailing is included in this filing.

Pursuant to Iowa Code § 476.6(9), MidAmerican intends to implement interim rates no earlier than July 17, 2026. The interim natural gas service rates are projected to produce \$43.8 million more than MidAmerican's current rates annually. As required by Iowa Code § 476.6(9), MidAmerican submits a corporate undertaking with the Application.

Please contact me if there are any questions about the filing.

Sincerely,

*/s/ Gretchen Kraemer*
